# Householding Consent Form

- In an effort to limit the amount of mail you receive and reduce fund expenses; we identify shareholders who are part of the same family (have the same last name) and share the same address so that the household receives only one shareholder report and summary prospectus for each fund. This process is called “householding” and is a common industry standard. However, if the last name differs, we are unable to household fund documents until we receive your consent.
- This form is optional and only needs to be completed if other members of your household are invested in the same fund but have different last names, or whose accounts are in the name of an entity, and you would like only one copy of fund documents mailed to your address.
- By completing this form, you authorize Franklin Templeton to household your shareholder reports and prospectuses as described below in the householding consent statement.
- If we receive your completed request at least 65 calendar days prior to a scheduled mailing, householding will begin with that mailing. Otherwise, please expect householding to commence with the next scheduled mailing.

**If completing by hand, please print clearly in CAPITAL LETTERS using blue or black ink.**

If applicable, provide any Franklin Templeton CASE NUMBER(S) related to your request: \_\_\_\_\_
